

School Students Against War Scotland

ssaw_scotland@yahoo.co.uk www.ssaw.org.uk

School Students Against War is a national organisation of young people with groups all around the country. SSAW is organised by young people and we work with Stop the War Coalition and other groups to get our message across.

SSAW Campaigns to:

- Get British and American Troops Out of Iraq and Afghanistan
- Stop the Racist Backlash against Muslims being caused by “The War on Terror”
- Defend Our Civil Liberties that are being curtailed in the name of security

We also campaign against any future wars waged by the United States in the name of “The War On Terror”

SSAW Scotland is now over a year old and has an active group in Edinburgh and a group starting in Fife. We hold regular events, go along to demos and meet every two weeks to organise future events. If you want to get involved
